21. **All beef breeds**

22. **Definitions**
  - a) An **exhibit** is a unit of livestock qualifying for any entry into a class as specified in the classifications. All registered animals, whether owned by one person or by more than one person, individually or jointly, are considered to be the production of one farm or breeding unit on which they are maintained.
  - b) An **exhibitor** is any breeder or firm which presents animals or farm produce for official placing by a judge at the time specified for judging.
  - c) In each classification where the same or common interests are involved in more than one breeding operation such operations are considered as one **Breeding unit**. In all cases where there is any doubt that more than one breeding unit exists, the interpretation shall be that only one breeding unit exists. The responsibility of proof of separation of breeding units shall rest with the exhibitors.
  - d) **Purebred** means an animal of the breed as determined by the by-laws of an association authorized to register animals of that breed.
23. **Checking of exhibits**  
Checking of exhibits is the responsibility of the fair committee. The committee must exclude ineligible animals and those not positively identified before judging.
24. **Split classes**  
For all species, classes may be split at the discretion of the fair committee. Each split class is considered a separate class by definition.
25. **Number of exhibits per breeding unit**  
All exhibits must be owned by and registered as purebred in the name of the exhibitor. Note exceptions in the Get of Sire and Breeder’s Herd classes. There is no restriction on multiple exhibits in any classes excluding the Breeder’s Herd and Get of Sire class. Please note maximum number of animals per exhibitor for all beef breeds is ten, calves included. BCAS reserves the rights to reduce the number of entries in order to accommodate all the breeds in the barn space allotted.

## 26. Animal registration

All animals being shown in single classes must be registered as purebred by the closing date of entries, except calves under three months of age, which must be properly tattooed in two year and mature cow/calf classes.
